

Veteran Voices Initiative: Overview & Invitation to Participate.

Title: Veteran Voices: Conversations That Strengthen Our Mission

Host: Recover Cann Team

Platform: Microsoft Teams

Introduction:

At Recover Cann, we believe the most meaningful progress happens when we listen — truly listen — to the people and community we serve. The Veteran Voices Initiative was created to give veterans and patients an opportunity to share their experiences directly with our team. It's a space for open, authentic conversation — where your voice, your story, and your perspective can help shape the future of veteran care in cannabis. This isn't an interview. It's a conversation. You decide what you wish to share and how much you'd like to say.

Purpose:

To strengthen our connection with the veteran community through understanding, empathy, and respect. By hearing your story — in your own words — we gain insight that helps us grow both as a company and as civilians who stand behind our mission of Helping Those That Served.

Goals:

- Amplify Veteran Voices — Create a space where your story is heard and valued.
- Build Connection & Understanding — Strengthen the bridge between veterans and the team that serves them.
- Encourage Growth & Reflection — Help us see through your eyes so we can continue to evolve with empathy and purpose.
- Inspire Meaningful Change — Use the stories shared to improve how we support and advocate for veterans across Canada.

What to Expect:

- Duration: Around 60 minutes
- Platform: Microsoft Teams (online video call)
- Tone: Casual and comfortable
- Format: Share what feels right — your story, your journey with or without medical cannabis, or reflections on how we can continue to do better. Feel free to bring a presentation, but don't feel obligated.
- Our Role: To listen first, ask thoughtful questions only when invited, and carry your message forward with integrity.

Outcome:

Each conversation helps bridge the gap between patient and provider, reminding us that healing is a partnership built on trust, understanding, and respect.

By sharing your story, you help us cultivate a team that listens deeply, learns continuously, and leads with compassion. Through Veteran Voice Spotlights, we aim to honour the courage it takes to speak openly and ensure your insights continue shaping how we show up for others who walk a similar path — creating a ripple effect of empathy and understanding that reaches far beyond a single conversation.

To volunteer for a session please fill out this link: [Veteran Voices Volunteer](#)

Together, we continue Helping Those That Served — not just through medicine, but through meaningful connection and shared humanity.
